Booking a flight

Fly into [Split Airport](#) if possible as it is only a 15 minute transfer to [Marina Kastela](#). Cheap flights are also available at [Zadar Airport](#), but this is a 90 minute Transfer. Flights can be booked at [Easyjet](#), [RyanAir](#) and [British Airways](#).

Dates

Most charter companies Charter on a Saturday to Saturday in Croatia. We can of course do this as well but it does tend to mean there are lots of charter boats around at the same locations. We can be flexible on the days we leave to avoid the crowds if this suits your scheduled and our and I would recommend that if possible you look at booking not to leave on a Saturday. Please look at our [calendar](#) for dates not yet booked.

Routes

It's hard to go wrong in Croatia, everywhere is beautiful. If you have somewhere you must visit then we can accommodate your wish. We are perfectly located to head North or South and both offer up something different.

Luggage

It is recommended that you pack into a soft bag rather than a hard case as this will make storage on board much easier. You should be able to pack enough clothes in a cabin sized hand luggage bag. We will have sun cream you can purchase on board and we can supply your shampoo and shower gel brand on board if they have it in Croatia.

Live Life, Love Life.
